Premium Battery Protection

Critical battery systems need to perform when called upon. Unwanted exposure to airborne contaminants and accidental human interaction can compromise the performance and safety of your battery system(s). Protect your investment by shielding your battery system(s) with our innovative Polycarbonate Battery Enclosures.

Applications:

Our Polycarbonate Battery Enclosures are customizable to fit virtually any size and type of battery bank located in harsh indoor environments where space may be limited and performance and safety are of the utmost importance.

-  ***Gas Compressor Stations***
-  ***Utility Substations***
-  ***Water/Wastewater Treatment Plants***
-  ***Industrial Plants***

Features & Benefits

Standard Features:

-  **Heavy-Duty Construction**
Sturdy, slotted aluminum framing.
-  **Clear Polycarbonate Paneling**
Transparent paneling allows batteries to be viewed at all times.
-  **Hinged Double Doors**
Helps facilitate easy installation, maintenance & replacement.
-  **Magnetic Hinged Door Catch**
Security against unwanted exposure and/or human interaction.
-  **Centrifugal Exhaust Blower**
Safely exhausts byproducts from enclosure.
-  **Wall-Mounted Hydrogen Detector w/Alarm**
Promotes a safe working environment and detection of leaks.

Options:

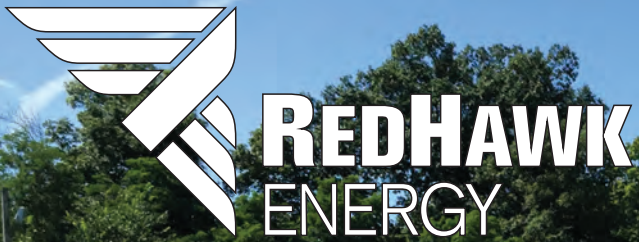

-  **PVC Piping & Fittings for External Exhaust**
Safely exhaust byproducts from not only the enclosure, but the entire facility.

Sizes:

-  **48"L x 48"W x 88"H**
-  ***Customizable to Fit Virtually Any Requirement**
